Subject: Microsoft Settlement

I would just like to say that I have been following the Microsoft case, read about the proposed settlement, and as a long time computer user/programmer/builder, I am not at all in favor of it in its current state. Please count this as a vote against the current settlement, as well as a vote to seek a settlement that is a reasonable punishment to Microsoft, as well as giving Microsoft's competitor's a chance to compete fairly.

Thank you,
